INVISIBLE GOVERNMENT CONTROLS THE WASHINGTON PRESS - -

By EUSTACE MULLINS

The recent sale of the Washington Times-Herald in Washington, D. C., to Eugene Meyer represents a dangerous move regarding the capital city's daily press. By knocking out his opponent in the morning newspaper field, Meyer now completely dominates Congressional thinking as it is swayed by the morning newspaper at breakfast-time.

Who is Eugene Meyer? According to Who's Who In American Jewry, he owns the Allied Chemical and Dye Corporation, one of the Big Four in world chemical production. He owns the Washington Post, which is a notoriously leftwing propaganda sheet, the staunch defender of Alger Hiss, and apologist for the pro-Communist activities of Dean Acheson. Meyer owns Television Station WTOP in Washington, assuring that Congressional viewers will carefully be indoctrinated in the Jewish point of view. His wife, Agnes Meyer, periodically makes hysterical attacks upon the House Un-American Activities Committee, Senator McCarthy, and any one else who departs from the Socialist point of view. She was criticized by Congressman Velde for her attempts to replace Eleanor Roosevelt as spokesman for the leftwing point of view in America.

Eugene Meyer's father set up the San Francisco branch of the international Jewish banking house Lazard Freres in 1893, the year of the great depression, when many Jewish bankers flocked into the United States to prey upon our demoralized and impoverished people, after Jacob Schiff of Kuhn Loeb Co. had precipitated the Panic of 1893 in order to buy up control of the Union Pacific railway system for a fraction of its value.

After working for Lazard Freres for a few years, Eugene Meyer set up his own private banking house, Eugene Meyer Jr. Co., 14 Wall St., New York. This banking house has played an enormous part in Congressional investigations of scandals concerning the War Finance Corporation, of which Eugene Meyer was head.

CONGRESS KNOWS THE FACTS — BUT AFRAID TO OPPOSE THE INVISIBLE GOVERNMENT

Testimony of James C. True before the Un-American Activities Committee, Executive Hearings October 30, 1941, January 15, 16, 19, 20, 21, 26, March 26, April 17, 1942. Seventy-eighth Congress, First Session on H. Res. 282.

James C. True was one of the twenty-eight Americans opposing the efforts of the Jews using F. D. R. to push us into war so as to prevent Germany from destroying Communism. After several years efforts by government employed Communists and red stooges to convict them, the indictments on all twenty-eight were thrown out of court as ridiculous and illegal. Here we give you a partial record of questioning during a "fishing expedition" some time before the indictments. This was before the Committee on Un-American Activities, Chairman, Martin Dies, assisted by J. B. Matthews.

The Chairman. Now, Mr. True, you believe in our form of Government very strongly, do you not?

Mr. True. Absolutely.

The Chairman. You certainly believe in the right of everyone to worship God according to the dictates of his conscience?

Mr. True. Absolutely.

The Chairman. You would not deny to a Jew the right to belong to the Jewish faith?

Mr. True. No; so long as it does not cor-

THE MAN WHO WILL GIVE THE SIGNAL

John Foster Dulles, the man who will give the signal to send your sons to any one of fifty countries where we now have token forces stationed waiting for an explosion to set off World War 3. Beverly Smith, in "Why We Went to War in Korea" in the Saturday Evening Post, November 10, 1950, quotes the telegram which Dulles sent to the State Department June 25, 1950 which gave the OK for the Korean War. Dulles left Seoul, Korea, at midnight June 25, 1950 and war started the next morning. At that time Dulles was not Secretary of State but enjoyed the title adviser to Dean Acheson. Acheson and Dulles were receiving directions from Felix Frankfurter, top Invisible Government man in Washington, and Dulles was sent as "special fixer" to Korea.

Now the first week of April, 1954, John Foster Dulles returns from Europe and tells the mothers to prepare to send their sons 6,876 miles from San Francisco to Indo China. John Foster Dulles' brother, Allan Dulles, is in charge of the Central Intelligence Agency which operates in all fifty countries where we have troops. Informed people believe these Dulles brothers receive their orders from Felix Frankfurter, and are part of the group scheming to place us under World Government.

We have already sent 96 bombers with more than a thousand of our boys to operate and maintain

them. The U. S. taxpayers are paying 80% of the cost of France's war in Indo China, and foreign legions of Germans and Japanese are doing the fighting and dying for France where U. S. taxpayers dump more billions to keep them happy.

This all reminds us of the statement made by a front for the Invisible Government (F. D. R.) who said in Boston, October 30, 1940, "And while I am talking to you fathers and mothers, I give you one more assurance. I have said this before, but I shall say it again and again and again, your boys are not going to be sent into any foreign wars." Later this same F. D. R. said of World War 2 "A war to end all wars; a war to establish the four freedoms."

When the U. S. was propagandized into giving eleven billion dollars of Lend Lease material to the Communists and helping them crush the only people (Germany), who could stop Communism in Europe, we truly earned the title of United Saps of America.

EDWARD R. MURROW

Those who understand the forces behind the Marxist plot, in a case of this kind, always look carefully for the Jewish ghost-writer. Informed people know the roots of Marxist propaganda are Jewish. Marxist Jews trained from childhood cleverly hide in the background while Gentile dupes carry out their plan. This is true in arranging wars, planting Marxist ideas in the school rooms, or directing government departments.

Edward R. Murrow, John Foster Dulles, Dean Acheson, F. D. R., Harry Truman, General Marshall, Owen Lattimore, Alger Hiss, are but a few of the Gentile dupes who find the ascent up the ladder more rapid and more profitable by fronting for International Jews. Eisenhower was lifted over 260 officers who outranked him and placed in control of the army to crush Germany and save Communism in Europe. All you have to do is to take suggestions from the right people. Murrow knows who put him in that important spot for shaping people's ideas. Assistant Editor to Murrow is Donald J. Merwin and the New York News of March 28, 1954 says the person behind Edward Murrow and responsible for the overall production of the program is John A. Aaron of Paterson, N. J. Both are Talmudic Jews. CBS is also owned by Jews.

As one of many Marxist activities, Murrow has been named as a member of the "National Advisory Council" of a Seminar of American students and professors to Soviet Union under the auspices of University of Moscow (official agency of S. U.) Murrow was a chum of Joseph Barnes and Frederick Vanderbilt Field who are Communists according to sworn testimony before Congressional Committees. Many people are writing to the Aluminum Company of America, Pittsburgh, Pa., asking them to discontinue sponsoring Murrow.

The American people have not yet realized that the socialization of America under Roosevelt would not have been possible had not Woodrow Wilson placed this country under the dictatorship of three socialist-minded Jews during the First World War. After Baruch had donated \$50,000 to Wilson's 1916 campaign fund, Wilson appointed Baruch supreme dictator over American heavy industry. Baruch later testified before the Graham Committee as follows: "I probably had more power than perhaps any other man did in the war, doubtless that is true." This Wall Street gambler, a speculator in the work and production of better men, was made dictator of American business. Furthermore, Wilson appointed Paul Warburg, partner of Kuhn Loeb Co., as Governor of the Federal Reserve Board. His brother, Max Warburg, was financial advisor to the Kaiser and head of the German Secret Service, yet Paul Warburg remained dictator of American finance after we went to war with Germany, where his brother was dictator of German finance. Ambassador Spring-Rice, Ambassador from England to the United States at that time, pointed out in his Letters, as quoted by Prof. Charles Callan Tansill, in a letter to Sir Valentine Chirol, dated Nov. 3, 1914, said,

"Paul Warburg, nearly related to Kuhn Loeb Co. and Schiff, is brother of the well-known Max Warburg of Hamburg, is a member of the Federal Reserve Board or rather THE member. He particularly controls the financial policy of the Administration, and Paish and Blackett had mainly to negotiate with him. Of course it was exactly like negotiating with Germany. Everything that was said was German property. The result was that such arrangements as were made were thought to be for the advantage of the German banks, and the Christian banks were jealous and irritated."

The third member of the Jewish Triumvirate to whom Woodrow Wilson turned over the unsuspecting people of the United States was Eugene Meyer. Baruch was dictator of American industry, Warburg was dictator of banking policy, and Eugene Meyer was dictator of loans and money-raising. As the men responsible for the flotation of many billions of Liberty Bonds, some remarkable irregularities were later uncovered to the detriment of Mr. Meyer. He was also partner of Bernard Baruch in the Alaska-Juneau Gold-Mining Co. at this time, a cozy arrangement for these government servants.

House Report No. 1635, 68th Congress, Second Session, March 2, 1925, "Preparation and Destruction of Government Bonds," submitted by Louis MacFadden, Chairman of the House Banking and Currency Committee, and Chairman of the Select Committee to Investigate the Destruction of Government Bonds. Page 2 of this Report, which is available in the Library of Congress, says

"Duplicate bonds amounting to 2314 pairs and duplicate coupons amounting to 4698 pairs ranging in denominations from 50 to 10,000 dollars have been redeemed to July 1, 1924. Some of these duplications have resulted from error and some from fraud."

This was a serious charge to be laid at the door at Eugene Meyer, Chairman of the War Finance Committee in charge of the distribution of Liberty Bonds. On page 6, the Report says

"These transactions of the Treasury prior to June 30, 1920 (including settlements for purchases and sales) executed by the War Finance Corporation, were largely directed by the managing director of the War Finance Corporation (Eugene Meyer) and settlements with the Treasury were made principally by him with the Assistant Secretaries of the Treasury, and the books show that the basis of the price paid by the Government for over 1,894 million dollars worth of bonds, which the Treasury purchased through the War Finance Corporation was not the market price and was not the cost of the bond plus interest, and the elements entering into the settlement were not disclosed by the correspondence. The managing director of the War Finance Corporation, Mr. Eugene Meyer, stated that he and the Assistant Secretary of the Treasury agreed to the price, and it was simply an arbitrary figure set by an Assistant Secretary of the Treasury as to the bonds so purchased from the War Finance Corporation. During the period of the transactions and up until quite a recent date the managing director of the War Finance Corporation, Eugene Meyer in his private capacity maintained an office at No. 14 Wall St., New York City, and through the War Finance Corporation sold about 70 million dollars worth of bonds to the Government, and also bought through the War Finance Corporation about 10 million dollars in bonds, and approved the bills for most, if not all, of these bonds in his official capacity as managing director of the War Finance Corporation. When these transactions, just referred to, were disclosed to the committee in open hearing, the managing director appeared before the committee and stated the fact that while the books of the War Finance Corporation disclosed the fact that commissions were paid on these transactions, they were in turn paid over to the brokers, selected by the managing director, who executed the orders issued by his brokerage house, and admitted after this disclosure to the committee that the managing director employed the firm of Ernst and Ernst, certified public accountants, to audit the books of the War Finance Corporation, who did, upon the completion of the examination of these books, report to the committee that all moneys received by the brokerage house of the managing director had been accounted for. While simultaneously with the examination

being made by the committee, the certified public accountants heretofore referred to were nightly carrying on their examination, it was discovered by your committee that alterations were being made in the book of record covering these transactions, and when the same was called to the attention of the treasurer of the War Finance Corporation, he admitted to the committee that changes were being made. To what extent these books have been altered during this process the committee have not been able to determine. After June of 1921, about 10 billion dollars worth of securities were destroyed." End of quote.

Thus Eugene Meyer's accountants were working at night changing the books of the War Finance Corporation while Congressman MacFadden's committee was investigating the many irregularities in Meyer's conduct of that organization. No wonder Meyer's newspaper, the Washington Post, hysterically denounces Congressional committees!

In the face of this evidence of corruption, President Coolidge appointed Eugene Meyer Chairman of the Federal Farm Loan Board, and during the Senate Investigation of Eugene Meyer's Fitness to be a Member of the Federal Reserve Board in 1931, Senator Brookhart of Iowa claimed that Eugene Meyer did very little to help the farmers, that he granted only a fraction of the loans which farmers applied for:

The conclusion of House Report 1635, page 14, is as follows:

"Instead of buying the bonds directly, the Treasury employed the War Finance Corporation for such purpose. And instead of promptly turning into the Treasury the bonds purchased, the War Finance Corporation accumulated great quantities of bonds, held them, and collected nearly 28 million dollars in interest on them from the Treasury. And although the Ways and Means Committee in framing the Liberty Loans Act changed the Treasury's bill in order to prevent the Treasury from selling bonds below par, the War Finance Corporation carried on an extensive trading in these bonds at less than cost and selling the same issue of bonds on the same day at several dollars less per 100 to others than they sold them to the Treasury, and furthermore, often sold them to the Treasury at a higher price than what the bonds had cost. Mr. Eugene Meyer, managing director of the War Finance Corporation, and Messrs. Russell C. Leffingwell and S. Parker Gilbert, Assistant Secretaries of the Treasury, settled on the price which the Government paid for over 1 billion, 894 million dollars worth of bonds bought from the War Finance Corporation, the basis of which price was not the market price, was not the cost of the bond, and was not disclosed by the correspondence. Mr. Meyer stated that he and Mr. Leffingwell agreed to the price and it was simply an arbitrary figure set by Mr. Leffingwell (as to the bonds bought from the War Finance Corporation prior to June 30, 1920, 99%). The managing director of War Finance Corporation in his private capacity maintained an office at No. 14 Wall Street, New York City, sold about 70 million dollars in bonds to the Government and also bought through the War Finance Corporation about ten million dollars in bonds and approved the bills for same in his official capacity."

This was indeed high finance. Later Eugene Meyer was appointed Governor of the Federal Reserve Board, and still later head of the Reconstruction Finance Corporation, with two billion dollars to lend, collateral to be determined by his own methods. FOR THESE AND MANY OTHER INTERESTING FACTS ABOUT THE STRANGE CAREER OF EUGENE MEYER, ONE OF THE TEN WEALTHIEST MEN IN AMERICA, READ EUSTACE MULLINS' STARTLING EXPOSE, "THE FEDERAL RESERVE CONSPIRACY" price \$1.00.

This House Report proves that Eugene Meyer as managing director of the War Finance Corporation, was responsible for the duplication of many millions of dollars worth

THE REFLECTIONS OF GEN. DEAN

REPUBLISHED FROM LOS ANGELES TIMES

Maj. Gen. William F. Dean had a lot of time to think while he was a war prisoner of the North Koreans.

BELIEF IN IDEOLOGY

In the last of several articles on his captivity in the Saturday Evening Post he says:

"I tried to add up some of the results of three years of captivity and to decide what, if anything, I had learned. Perhaps I'm naturally naive, but the greatest discovery to me was that the ordinary Communists who guarded me and lived with me really believed that they were following a better road toward an improved life for themselves and their children. It's easy for us to say, 'Oh, but they're sadly mistaken.' But it is not so easy to explain to them just how, just why this ideology must fail.

"The one perfectly obvious thing is that we cannot convince them of error unless we are willing and able to show them something better . . .

"I do believe these things: That we must present a factual world better than the Communist dream; that we must have political answers simple enough for the dullest to understand; that we must, each of us, know and understand the things for which we fight. If I learned anything in captivity these were the lessons."

HOW DO WE DO IT?

The general knows all right what we should do. But so did the mice who concluded that they should tie a warning bell on the cat. How do we do it? How do we exhilarate a people with the idea of liberty when we are hard put to explain the idea to each other?

For 20 years ago many Americans supported a party which was dedicated to the task of chipping away American freedom, accepting in return for their surrendered liberties a promise of greater security under the supervision of the Federal government. If Americans were willing to buy security at that price, what of the Asiatics? They had never had much freedom at any time, and they are hungry perpetually. The Communists promise them an era without hunger; all they have to do is change masters. The other masters had never promised them anything.

That is the nub of the thing: the Communist leaders have instilled hope where there had been nothing but hopelessness. It does not matter that we know that the Communists can never produce the substance of the vision; the vision is enough.

PROMISES CREDITED

Western Christianity, the antithesis of Communism, won acceptance with the same technique. The Christian proselytizers gave a nobler promise—not full bellies here but a blissful eternity—and the great depressed mass of slaves, the majority of the population of the Roman Empire, looked upward at their first gleam of hope. The hope and the promise of Christianity have endured and it is not likely that the Communist promise will be credited for many generations. But that makes no difference now. The promise is given full credit by our dangerous antagonists of China and North Korea. Gen. Dean knows.

Gen. Dean also has a simple formula for counteraction. We have to do more than shout denials, which are as futile as religious argument. "We must," he says, "know and understand the things for which we fight." It is on his conscience that he did not before he was captured try to tell his men what they were fighting for.

We have accepted, we say, the responsibility of the free world, of which we are the first, the only effective, power. But the edge of our moral weapon seems to be lacking in temper. It blunts against the armor that Gen. Dean's Asiatic Communists have put on. He knows what to do but not how to do it. Neither, it seems, does anyone else.

All we have found out so far is that it can't be done by the careless spending of American money.

OPEN LETTER TO NIXON

Hon. Richard M. Nixon
Vice President, U. S. A.
Washington, D. C.

Mount Vernon, Wash.

Dear Mr. Nixon:

When you spoke in Seattle last month at the Lincoln Birthday celebration, I believe you likened the present occupant of the White House as being "like" Abraham Lincoln, did you not? Now then Mr. Nixon I want to ask you a few questions in connection with this fellow who lives in the White House and is playing President.

Is it not a fact that "IKE" never had in his whole life ever registered as a Republican, until AFTER he was nominated for the Presidency?

Do you dare to claim that if Abraham Lincoln had been in command of our troops, at the time, that he would have held back General Patton and deliberately allowed the RED RATS to go into Berlin ahead of our forces?

Do you believe that Abraham Lincoln would have drunk a toast to General Zhukoff, as did "IKE," who was decorated for his co-operation with the REDS?

How dare you to drag the great name and record of Abraham Lincoln down into the mud and dishonor you did?

Are you not aware of the fact that you are serving under a man who has worked hand in glove with the Roosevelt-Truman-Zionist administration? Did not FDR jump him over the heads of more than 260 some men in order to have him where he could be of the greatest possible service to the Zionists who wanted to crush Germany?

Is it not a fact that when FDR went into the office of President, the old Democratic Party went out the window? Is it not a fact also, that when Barney Baruch's "IKE" was nominated for the Presidency, that right there and then, the old GOP began to disintegrate and to be fused into a ONE PARTY system?

When that 100% AMERICAN and life long Republican, General MacArthur, said in a speech soon after he returned home that he had discovered that a "secret power" was in control of our Government, do you have any idea of what this "force" was and is?

Was it this "secret force" which caused that so-called good Republican Senator Vandenburg, to go down to San Francisco and work along with Alger Hiss in forming the so-called UN? Just what is this force which seems to whip Republicans into line to support NEW DEAL legislation, and to approve the appointments of men and women who are known to be questionable? Is it this "secret power" which has been causing you to scamper all over Washington in trying to put Senator McCarthy out of business because he dared to expose a General who promoted a KNOWN COMMUNIST? What is wrong with exposing such men, regardless of whether they be Generals or just a man in the ditch?

Do you not realize that you are helping to bring down the IRON CURTAIN OVER AMERICA, Mr. Nixon. When you fall into line and give support to such un-American activities? Have we reached the point here in America, when the oath men take in secret organizations, means more to them than does their oath to uphold and defend our CONSTITUTION?

YOURS FOR CONSTITUTIONAL GOVERNMENT
IN THESE UNITED STATES,
CLARENCE DOLAN

A WORD TO THE WISE

Those of us who have spent many years attempting to oppose the "Marxist One World Program" have found out that the vast funds which the Jews raise and spend to fight anti-Semitism is the spearhead of the Marxist movement.

In its final analysis Communism is a Jewish conspiracy hiding behind the smoke screen of religion.

of Liberty Bonds, that 10 billion dollars worth of bonds were surreptitiously destroyed, that his personal accountants worked all night altering the records of the War Finance Corporation during the Congressional investigation of its irregular practices, and finally and most important, that the method of setting the daily price of Liberty Bonds on the bond market was highly irregular, carried on in a surreptitious manner without records being kept, and that certain bond houses in New York City were allowed to buy the bonds at below cost, lower than the Treasury, which often had to pay higher prices for Government bonds. When we consider that these transactions involved billions of dollars, we can understand that the opportunities for profits of millions of dollars were open to Eugene Meyer and to the Assistant Secretaries of the Treasury with whom he set the prices of the bonds.

It is interesting to note that the two assistant Secretaries of the Treasury with whom Eugene Meyer set the daily prices of Liberty Bonds during the First World War were lawyers for Kuhn, Loeb Co., Mr. S. Parker Gilbert and Russell C. Leffingwell. After the war was over, when Mr. Meyer was able to buy control of Allied Chemical and Dye Corporation, the Assistant Secretaries were able to afford partnerships in the August firm of J. P. Morgan Co. Although Mr. Gilbert has since gone to his reward, Mr. Leffingwell today is Vice Chairman of J. P. Morgan Co. While our boys were being killed in France, these gentlemen were making their fortunes through rather reprehensible methods. No wonder Eugene Meyer was able to pay Colonel McCormick four million dollars extra for the privilege of stifling a pro-American newspaper in Washington! McCormick had paid \$4,500,000. for the Times-Herald. Meyer paid \$9,500,000 and other considerations which brought the purchase price close to \$10,000,000. Now there is no daily press in Washington which criticizes the Eisenhower Administration.

A MONUMENTAL BLUNDER

Reprinted from THE INDIANAPOLIS STAR, Feb. 19, 1954

The dismissal of Clarence Manion from the chairmanship of the Commission on Intergovernmental Relations was a monumental blunder—no matter what the real reason was. Manion is one of the leading constitutional lawyers in the nation. He is an acknowledged expert in the field of intergovernmental relations.

As far as he knows he was fired, as predicted by the left wing columnists, for supporting the Bricker Amendment. Sherman Adams, the White House assistant who demanded Manion's resignation, has not denied this nor made any other explanation. White House Press Secretary Hagerty yesterday had no comment when asked about the dismissal. It was Hagerty who said only days ago "The President of the United States does not believe in censoring the personal opinions of any men he appointed to an important position."

Now if Manion was fired for supporting the Bricker Amendment, as he believes, why was he chosen for the job in the first place? His views on this subject were well known. As a matter of fact it was Manion's great speech on the dangers of the treaty making power to constitutional rights that hower's side, even though Manion is a Democrat. What has happened? Has the Eisenhower Administration decided to abandon the stated principles which the President made clear in the last campaign when he said, "The states created the Federal Government. The creation should not supersede the creator, for if the states lose their meaning our entire system of government loses its meaning and the next step is the rise of the centralized national state in which the seeds of autocracy can take root and grow."

Representative Noah Mason has resigned from the commission in the belief that there is no longer any point trying to accomplish something the White House appears now no longer to favor. He has thus raised a point that should be clarified quickly and unequivocally.

Was Manion fired for his support of the Bricker Amendment? Has the Eisenhower Administration changed its mind about the relationship between the states and the Federal government? Either Sherman Adams or the President should give the Congress which created the commission and the people of the United States a definite answer.

THE JEWISH PROBLEM

Louis D. Brandeis, Jewish Supreme Court Judge, wrote a book titled, "The Jewish Problem — and How to Solve it." What did this highly placed judiciary advise? "Let us all realize that we Jews are a distinct nationality, of which every Jew, whatever his country, his station or shade of belief, is necessarily a member." (p. 25) "Organize—Organize—Organize—until every Jew in America must stand up and be counted — counted with us, or prove himself willingly or unwittingly, of the few who are against their own people." (p. 26)

ONE MAN'S OPINION

By Cuthelbert Rittenhouse
Republised from the Chronicle, Jacksonville, Fla.

Frank J. Lausche is Governor of Ohio. He is a Democratic Governor. He has been Governor twice before. I do not think they have ever beaten him. He is a conservative. He is not a New Dealer. He would make a much stronger candidate than Adlai Stevenson. Lausche is a Catholic. The Adlai Stevenson crowd are already invoking bigotry against him. They say he would lose the South because he is a Catholic. This is not true. Al Smith at the time he ran was a wet when prohibition had not run its course. Al Smith was a Tammany man when Tammany stank in the South. Al Smith was provincial. He talked, thought and acted like the sidewalks of New York. The fact that Al Smith was a Catholic was a small factor in losing some of the South.

Frank J. Lausche would carry every Southern state as the democratic nominee. The only bigots against the Catholic church today are the so called liberals, the radicals, the Socialists and pro-Communists.

The leading candidates for President in 1956 before the Democratic National Convention will, it seems now, be Franklin D. Roosevelt, Jr., if he wins for Governor of New York, Adlai Stevenson and Frank J. Lausche. F. D. R., Jr., is impossible to the conservative as the little Truman joker. Lausche would be backed by the conservatives, North and South. The Catholic church is the greatest bulwark against the radicals today. The South recognizes this. It's only the New Deal radicals who raise that issue against Lausche. He is the greatest vote getter the Democrats in Ohio ever had. If it comes to religion Adlai Stevenson is a Unitarian which means he does not believe in the divinity of Christ. F. D. R., Jr., he, like all the Roosevelts of that tribe except John, is religious minus.

This column has never fought Catholics, Jews, foreigners or colored people because they were such, but it has fought those from every group who were reds, Communists and leftists, which includes those so-called leftists who masquerade as liberals.

The reds are trying to do the same thing to Senator McCarthy which they did to Forrestal. They broke him mentally and physically. They did this by persistent, false and violent attacks. He was opposed to the Zionists but never to the Jewish people. He was all out opposed to the leftists. They have tried to turn the Jewish people against McCarthy, when his chief lawyer is the Jewish Cohn and all the ruckus presently is about a capable Jewish boy drafted into the Army and held as a private with ill treatment because McCarthy would not stop his investigation.

If the Army is not to be infiltrated so it is rendered useless as were those of Poland and of France, it must be investigated from a to Izzard. The reds even tried to attack McCarthy as anti-Semitic, when the two most prominent in his investigations were Jews, but Jews who were Americans in acts and thinking. The reds are the greatest bigots in history, but they try to put the bigot tag on all true Americans.

The attempt to make Hawaii and Alaska into states is a thing which ought not to happen. The white population in Hawaii in 1949 was 139,398, in 1950 it was 102,998 and in 1951 it was 45,794. The white population is only 9.74 percent of the total population. It is not only a mongrel population, like that of Puerto Rico, but is an extremely radical population. Forty percent of the population of Hawaii is Japanese.

Hawaii will give us two Japanese Senators and a Representative of the same kind. Furthermore, they will be of the Harry Bridges mentality. There would be no chance to escape the two votes in the upper and one in the lower of the Communist, Fascist type. Hawaii is dependent on United States spending. It is not self-supporting.

The situation in Alaska is different but just as unfitted for statehood.

It is pretty dumb for those who own the newspapers, and most of them are righteous, to employ writers who slant the news to the left. The same is true of the owners of television and radio. These owners ought to get wise to themselves. Some of them are wise, but most of them are not.

THE NATIONAL DISEASE

THE NATIONAL DISEASE

The unholy fear that has gripped the world with the advent of the Hydrogen bomb is understandable. Making this fear even more intensive is the double threat resulting from the development of this weapon of annihilation. It is very possible that such terror may provide the final stepping-stone to World Government. If so, the "Super Government" outlined in The Protocols will at last become a realization.

However, in spite of an apparently hopeless situation, there are some encouraging signs. Many who feel as we do, that the hope of the world lies in the recognition of and renewed faith in Christ and a return to morality, will be interested in a joint resolution introduced by Senator Flanders of Vermont and Rep. Harrison of Nebraska. This resolution proposes an amendment to the Constitution: "This Nation devoutly recognizes the authority and law of Jesus Christ, Saviour and Ruler of nations, through whom are bestowed the blessing of Almighty God."

Regarding this resolution, Rep. Harrison stated: "I think we should proclaim our nation as a religious nation. I feel this as deeply as anyone could . . . I think the majority of our people feel we are a Christian nation, but we fail to have the fortitude to acknowledge it. Until that time, we will never have peace. I have seen enough of war to know our problems will never be settled by war . . ."

These words clearly point out that the solution to present evils must begin with an acknowledgement of our dependence upon Almighty God. Our Lord has promised: "If anyone acknowledges Me before men, I will acknowledge him before My Father in heaven."

Although this resolution was introduced last July, it is appalling to note how little progress has been made along this line. The lack of publicity, especially in religious periodicals, afforded this resolution is disheartening.

We strongly urge our readers to publicize "the Christ Amendment." Write your representatives, asking their support. (H. J. Res. 289 if you write your Representative, S. J. Res. 87 if you write your Senator.) Bring this to the attention of others by letters to local papers and magazines and by talking it up at club and organization meetings.

Surely this would be a step toward counteracting what might be termed "the national disease" — moral apathy. It appears that in over-emphasizing tolerance, we are in reality de-Christianizing our civilization. America is at the crossroads. We can blithely ignore the increasing moral deterioration and potentialities of wholesale destruction, or we can fervently pray that Almighty God will lead us out of chaos. Which way will we choose?

U. S. GIVES AID FIGURE ON ISRAEL AND ARABS

(republished from N. Y. Times, Feb. 18, 1954)

The United States has given Israel \$39,000,000 in special economic aid during the past four months while allocating nothing to Arab countries.

Informed officials who reported this today attributed the lack of Arab allocations to failure of their Governments to devise specific projects that the United States feels it could back.

The latest allocation to Israel — \$13,000,000 — was made without publicity by the Foreign Operations Administration, presumably to keep from upsetting Arab governments which contend Washington favors Israel in economic aid.

Officials acknowledged today that no allocation for any Arab country was imminent because, they said, Arab nations have been slow in presenting acceptable projects. By contrast, they said, Israel has turned in numerous well-documented and engineered requests that can be speedily approved.

RED HIGHLIGHTS

Robert Oppenheimer, the Marxist "Jew" who was exposed years ago by Common Sense is finally being recognized as a spy by the U. S. However, he was allowed to get all the info on the Atom and Hydrogen bombs and deliver it to his colleagues at the Institute for Advanced Study at Princeton, and Louis L. Strauss, Zionist "Jew" and other Zionists have taken his place. The Institute for Advanced Study is composed of such men as Albert Einstein who has close to 50 Communist citations. Recently Oppenheimer was given a job with the Technion Society in Hafia, Israel, one of the greatest spy organizations in the world . . . Prof. Felix Bloch, "Jew," who worked with Oppenheimer at Stanford and Los Alamos was named director of the proposed 12 nation European nuclear research center in Geneva . . . Alexander Bicks, one of Ike's nominees to the Federal Bench in N. Y. is a "Jew" . . . The Governor of the Virgin Islands is Morris De Castro, "Jew" . . . American Jewish Congress called on Gov. Dewey to veto bills of censorship of immoral films. C. W. 4/5/54.

Catholic Bishop Bernard Sheil, the man who has been standing up for Tolerance, Brotherhood, Marxist Internationalists for some 20 years has now seen fit to get down in the slime and filth with the Daily Worker and Communist Party to smear Sen. McCarthy and give America the impression that the Catholic Church is against what McCarthy stands for. Bernard J. Sheil may be a Bishop, but McCarthy has more love for his country in his little finger than Sheil has in his whole anatomy. It's easy for one to appease and condone the enemies of Christ, but it's another thing to stand up and fight them like Christ did when he was on earth. Of course McCarthy will most likely become a martyr and Sheil will live to a ripe old age but which will Our Lord consider the greatest lover? . . . Rev. Francis X. McGuire, Pres. of Villanova, praised the B'nai B'rith, the most powerful Masonic organization in the U. S. for its great work. This Masonic group bestowed honors on Father Eugene Kelly of Ardmore, Pa. . . Mexican "Jews" to raise 5,000,000 pesos for 1954, 300 "Jewish" delegates meet in Washington to raise \$750,000,000 for 1954 by selling Israel Bonds . . . The National Commander of the Jewish War Veterans is Harry T. Madison. Notice the handle? . . . Speaking before 500 "Jewish" leaders, Gov. Fine of Penna. asks for support of Israel, and then went on to condemn Sen. Joe McCarthy . . . A concerted drive by major "Jewish" organizations to eliminate the words "Jew" or Hebrew from visas coming into the U. S. Why are they so concerned not to be identified as "Jews" when coming into America? Are they ashamed, or don't they want us to know how many there are here? Dr. Mordecai M. Kaplan, in his book "The Future of The American Jew," said "When our government asks for statistics about Jews, no responsible agency is prepared to submit reliable figures. In certain Jewish circles which engage in protective self-discoloration, underestimating the number of Jews has become quite an art . . ."

Simon S. Cohen is U. S. District Attorney of Connecticut . . . Israel received \$39,000,000 of American taxpayers money in four months . . . One morning a friend met his Dugan's bread man at the door and noticing a little sign on his hat reading "order buns for Friday" (Good Friday) asked him why the sign didn't read "Hot Cross buns." The Dugan man replied that the Jews so objected to it that the company had to discontinue the "Hot Cross" . . . Washington, March 10 — The Senate Labor Committee approved a fair employment practices bill to ban job discrimination because of race, creed, or national origin. Sen. Hill was allowed to register himself against the measure . . . Do you want to know whether America has been taken over by the Communists or not? Just become active against the enemies of your beloved land. You will lose many friends over night, become bankrupt, and be ostracized from society . . . Navy Intelligence files in N. Y. containing 100,000 cards on activities of known and suspected Communists "just disappeared."

DEMOCRACY

Why do the Marxists and their dupes play up the word "Democracy" so often? Earl Browder, former head of the Communist Party in the U. S. said: "Communism is 20th Century Democracy." The United States is a REPUBLIC — see Salute to the Flag.

CONGRESS KNOWS THE FACTS

—(Continued from Page 1)—

rupt the morals or the faith of other people. We have had that out in this country with the Mormons, for instance. They insisted on plural marriage, and the Supreme Court ruled against them. You have got a worse condition with the Jew. Have you ever read the Talmud on which the Jewish religion is based?

The Chairman. No, frankly, I have not. I have read excerpts from it.

Mr. True. No gentile ever read it through — there are 17 or 18 (actually there are 63 volumes) very large volumes—but if you read enough of it and realize that every Jew in the world is more or less under the control of that plan—and it is a criminal code. We look upon religion as being benevolent. Our religions are. All of the Christian religions are exceedingly benevolent. The Jewish religion is the cruellest thing in the world, according to this Talmud. The Jew that I mentioned to you as being afraid that he would be killed or his wife and daughter's reputations ruined—that was Talmudic law in operation. Every Jew has got to conform. That is how they corrupt these various Christian religious movements. The Jews are converted and get into them, and then bleepy.

The Chairman. Dr. Matthews over here has read nearly everything. Have you ever read the Talmud, Doctor?

Mr. Matthews. Yes; I have read a great deal of it.

(Discussion off the record.)

The Chairman. At any rate, much of your belief about the Jews is derived from the Talmud?

Mr. True. And from what they are doing and what the Jews have told me.

The Chairman. You don't believe all Jews are Communists, do you?

Mr. True. No, but all Jews are under the Talmudic law. For instance, I had an investigator that came in here—I can't remember his name—this was some years ago—a Jew, and his wife had gone into a religious movement in New York. This chap used to advise them. He was an occultist and made quite a good deal of money advising people. This Jew sent for him in New York, paid him \$100 a day, and told him he had gone into this religious movement, and that his wife had been greatly benefited by it, wonderfully benefited, and he was on one of the committees for subversion of the treasury, and he wanted to get out, and he asked this fellow how he could do it, and he could not because the other Jews wouldn't let him, and he said, "It will ruin my business."

The Chairman. What I want is this: Do you believe that the majority of the Jews are Communists?

Mr. True. Yes, they admit it.

The Chairman. But you do think there are Jews that are not Communists?

Mr. True. Oh, yes. I would feel very sorry for them. I feel sorry for all of them.

The Chairman. You would not condemn all of them because some of them are Communists, would you?

Mr. True. To date there has not been a single Jew—all Jews know this Jewish conspiracy—there has not been a single Jew who has come out and condemned the other Jews, or who has warned the American gentiles about what they are doing to them. When any Jew does I will get out and campaign to raise a monument to him. That is the way I feel about it. He will be a very great man.

Mr. Matthews. Where is that the Jews have confessed or admitted that a majority of the Jews are Communists?

Mr. True. Rabbi Wise in his paper says that one must confess that communism is consonant with Judaism.

Mr. Matthews. Does that say that the majority of Jews are Communists?

Mr. True. Well, the majority of the Jews are Jews. If they believe in Judaism they believe in communism.

Mr. Thomas. Now, you say that the Jews are under the Talmud, are subject to it. That is only in the sense that Christians are under the Christian religion and its principles, and the great majority of the so-called Christians don't pay much attention to the Christian principles.

Mr. True. But Christian principles are not coercive. Here was a Jew. My friend that I told you of, who did not want to go along.

The Chairman. But you would not hold the Jews of today responsible for the writings of the Jews 2,000 years ago, would you?

Mr. True. Oh, no; unless they were practicing the same deceptions.
